

***Norfolk State University  
2019 GenCyber Summer Professional Development Workshop for  
High School Teachers***

***Application and Selection Criteria***

The purpose of the 2019 GenCyber Professional Development Workshop for High School Teachers is to introduce a curriculum that teachers in the STEM area and other interested teachers can use to introduce the GenCyber concepts in their classrooms in a fun and engaging approach. High school teachers will receive instruction in designing lesson plans associated with GenCyber principles. These concepts include various topics in cybersecurity, cyber education, and career opportunities.

***Teacher Qualifications***

Teachers are required to have the following qualifications:

- Possess a valid Virginia Collegiate Professional License or a Postgraduate Professional License;
- Be licensed to teach the subject(s) grade level(s) to which they are assigned;
- Have had successful classroom experiences for a minimum of three years based upon a proficient or exemplary evaluation rating;
- Be recognized by peers and supervisors, through written recommendations, as an accomplished teacher in at least one model of instruction and as a skilled leader in instructional development;
- Have the recommendation of the school principal;
- Possess effective interpersonal and collaborative skills; and
- Be committed to personal professional growth and learning.
