

Tenure-Track Assistant/Associate Professor of Computer Science

Join a vibrant campus community whose excellence is reflected in its diversity and student success. Norfolk State University Department of Computer Science invites applicants for a tenure-track position at the Assistant or Associate level, to begin in Spring 2020. Actual starting salary and rank is commensurate with experience.

The Computer Science Department values faculty who balance excellent teaching with active scholarship. Responsibilities include teaching courses at the undergraduate and graduate levels, advising students, conducting research, and participating in academic and professional service activities. The normal teaching load is four classes per semester. Candidates should be able to teach a wide variety of undergraduate courses for the Computer Science or Information Technology major and graduate courses in their area(s) of expertise. The Computer Science Department is accredited by ABET and recognized by the NSA a National Center of Academic Excellence in Cyber Defense.

Minimum Qualifications

Applicants must have a Ph.D. in computer science or a related field at the time of appointment, as well as a commitment to excellence in teaching and a strong, demonstrated research record appropriate with Norfolk State University scholarly academic standards.

Preferred Qualifications

Strong candidates from all areas within Computer Science will be considered. Preference will be given to those applicants with teaching experience and active research in at least one of the following areas: Artificial Intelligence, Machine Learning, or Data Science.

Special Instructions to Applicants

1. Candidates may show interest by submitting, in its entirety online, an application and all required application material.
2. Applicant is solely responsible for ensuring application and material thoroughly reflects their knowledge, skills, and abilities, as it relates to the advertised qualifications.

3. A complete application, including all previous employment, salary history, and education, for full consideration, must be received online by 11 :59PM of the "Job Close Date."
4. Applicants who list "see resume" or "see Curriculum Vitae" in lieu of completing the application may miss the opportunity for full consideration.
5. NSU conducts background checks on all candidates identified as finalist for employment. The type of background check(s) performed is dependent upon the type of position for which you have been identified as a finalist, which may include: criminal history, sex offender registry checks, reference checks, degree validation, driving records, license verification, credit history review. The results of background checks are made available to University employing officials. You will be required to sign an Authorization to release form.
